## Fruit basket

178 g

114 g

2169

186 g

305 g

376 g

151g 225 g

Choose three different pieces of fruit to go in each basket so that the total weight of the fruit is within the range. Use column addition to find each total.

Less than 500 g
$\square$

500 g to 800 g
$\square$

More than 800 g
$\square$

## Charity bike ride

A cyclist has cycled 500 miles in five days to raise money for a charity. Work out how far she cycled each day.
4. Day I $\square$ I could help here!
(5) Day 2 $\square$
$\square$
6 Day $3 \square$ $\square$
(7) Day $4 \square$ $\square$
(8) Day 5 $\square$

## Subtraction challenge!

9 If you could only use Frog to work out two of these subtractions, which two would you choose? Circle them.

$$
621-579 \quad 458-320 \quad 536-405 \quad 738-665 \quad 523-199
$$

Show how you would work out the other three subtractions.
